

STUDENT RESOURCE SCHEME 2026

PARTNERING WITH FAMILIES
TO SUPPORT STUDENT SUCCESS

Dear Parents/Carers,

Thank you for taking the time to read this important document about the student resource scheme at Woodcrest State College.

The education of children in state schools is a partnership between parents/carers and the Government, under the Education (general Provisions) ACT 2006 (QLD), the cost of instruction (teaching), facilities (buildings) and administration (schools operation costs, power, water etc) are met by the state. State funding does not extend to individual student resources such as textbooks, equipment for personal use and items used/consumed by the student in the classroom. Parents/carers are responsible for supplying these items that are required to assist with student's learning. If buying them individually, this can become extremely costly for families, therefore, to ease the burden of this to parents/carers, Woodcrest State College operates a Student Resource Scheme.

The college has the ability to bulk purchase educational items through government approved supplier's programs, allowing us to provide resources at a reduced rate to what single purchases can source.

Participation in the scheme is voluntary and parents/carers are under no obligation to join the scheme, however if you elect not to join the scheme, you will need to provide all necessary textbooks, resources and materials for your student for the whole year.

The student resource scheme operates under the policy and guidelines of the Department of Education and is endorsed annually by the P&C Association. Payment options are available and should you be experiencing financial difficulties, please contact the Finance Business Manager to discuss your options.

We look forward to building a strong partnership with you to ensure the best educational experience for your students.

Kind regards

Debbie Hansen

Executive Principal

Woodcrest State College

| Year | Prep- Year 6 | Year 7 – Year 9 | Year 10- Year 12 |
|------|--------------|-----------------|------------------|

Student Resource Information:

The Queensland Government supports students' education by providing funding for:

- Instruction, e.g., teachers
- Facilities, e.g., buildings, amenities, furniture
- Administration, e.g., staffing and resources to administer the operations of the school.

Funding does not extend to individual student resources such as textbooks, computer or musical equipment for personal use, and many items used/consumed by the student in the classroom. Supply of these items is the responsibility of parents/carers.

To provide parents/carers with a cost-effective alternative to purchasing textbooks and/or resources elsewhere, Woodcrest State College operates an SRS for 2026.

The scheme ensures that students have the resources required for them to engage with the curriculum for their education and saves parents/carers time and money in sourcing the prescribed materials elsewhere. Savings are gained through the school's bulk purchasing practices and hiring arrangements. The scheme is not used to raise funds for other purposes, and revenue collected through the scheme is applied only to the resources and operation of the scheme.

The scheme's operation, resource inclusions and participation fees were approved by the school's P&C Association at the meeting held on 21/10/2025.

Benefits of participating in the scheme

Students participating in the student resource scheme will be provided with all textbooks and items required for each subject. Students will also receive many resources and materials required in the course of their studies. Please note, Woodcrest does not have any other subject fees.

The scheme ensures your student receives the necessary materials to enable and enhance their education without any further financial burden or time spent trying to find the correct resource.

SRS Participation

Upon enrolment all families are provided with a Student Resource Scheme Participation Agreement Form. One form per student needs to be completed and it only needs to be completed once for the life of that student's enrolment. Should your circumstances change, you will be required to complete a new form, please contact the Finance Business Manager to discuss.

Resource Inclusions

All resources included in the SRS are detailed in the attached SRS Resource list. This list is also available on the school's website. This is a comprehensive list of all resources included in the scheme and their associated costs.

Type of Resources provided

Generally, the three types of resources that could be included are:

- Owned – these items are retained by the student and used as required (e.g., stationery, exercise books, student diary).
- Used – these items are used/consumed in class by the student (e.g., industry technology/cooking/art supplies).
 - work/items produced from these resources will remain the property of the student.
- Hired – these items are hired to the student for their personal use for a specific period of time (e.g., textbooks, musical instruments, laptops).
 - Hired items must be returned to the school in good condition at the end of the hire period or if the student leaves the school.

- A repair or replacement cost may be charged to the parent for any hired items that are damaged or not returned.

The student resource scheme does not cover

- Additional costs associated with Academies
- Voluntary financial contribution
- Co-curricular activities such as excursions camps and performances
- Non – curricular optional activities, end of year celebrations, senior shirts and formals

Before students can be considered for participation in non-curricular optional activities, a parent who has joined the scheme is expected to have;

- Fully paid the student resources scheme
- Have no outstanding debts
- Or are on a formal payment plan as previously arranged with the Finance Business Manager.

Financial Difficulties

It is acknowledged some families can experience financial difficulties. Parent or carers in these circumstances are urged to contact the Finance Business Manager to discuss individual payment options. All discussion will remain confidential.

Large Family Discount:

Woodcrest State College is committed to offering support to families to meet the needs of providing textbooks and other resources to their children while attending school. A discount is offered to parents/carers with four or more children. This discount will be extended to parents/carers who submit the application form and fulfill the specified terms and conditions. The application form is accessible on our website, and it is the responsibility of the parent or carer to avail themselves of it.

Non – payment of Fees

Students with outstanding fees may be denied the opportunity to participate in optional, non-curricular activities.

Student Resource Scheme Inclusion – Secondary

The secondary Student Resource Scheme is made up of the following contributions:

- Textbook and resource allowance – government funding given to the school yearly
- School contribution – to help offset the cost the school allocates further funds to help reduce the costs to parents/carers
- Parents/carers contribution - the cost passed onto the parent under the scheme

The Textbook and Resource Allowance

The Department of Education provides a Textbook and Resource Allowance (TRA) to assist parents/carers with the cost of textbooks and other education resources for eligible Years 7 to 12 students. For those students who are eligible to receive the TRA, the TRA will be applied to reduce the cost of participation in the SRS. Information on the TRA can be found on the department's website (<https://education.qld.gov.au/about-us/budgets-funding-grants/grants/parents-and-students/textbook-resource-allowance>).

Student Resource Scheme - Participation Agreement Form

The Student Resource Scheme

The Student Resource Scheme (SRS) is a user-charging scheme operated by schools to provide parents/carers with a mechanism to access individual student resources that are not funded by the government.

Government funding for schools does not extend to individual student resources and equipment for their personal use or consumption. Supply of these items, such as textbooks and personal laptops/iPads, is the responsibility of the parent.

The objective of the scheme is to provide parents/carers a convenient and cost-effective alternative to individual supply of resources for their students. Participation in the SRS is optional, and no obligation is placed on a parent to participate.

Terms and conditions for participating in the scheme are provided on the reverse side of the form. Information is also provided on the Textbook and Resource Allowance (TRA) where applicable.

This Participation Agreement Form applies for the duration of a student's enrolment at the school, however parents/carers who are participating in the scheme can choose to opt out from the SRS in future years by completing a new Participation Agreement Form. Any new Participation Agreement Form submitted annually and received by the school will supersede the previous form lodged.

Parents/carers pay the annual participation fee in accordance with the selected payment arrangement. If a student joins the school mid-year, a pro-rata participation fee may apply.

Parents/carers not participating in the scheme must provide their student with all items that would otherwise be provided by the scheme as detailed in the information provided by the school. Parents/carers can choose to join the SRS in future years by completing a new Participation Agreement Form.

To assist schools in managing and administering the scheme, parents/carers are requested to complete the Participation section of this form and return it to the school.

If parents/carers have not completed and returned the form before the due date indicated by the school in the SRS Annual Parent Information documents, the school will take the view that the parent does not wish to participate.

For further information please see the 'parents and carers' site for general information on [School fees and charges](#).

Payment

On agreeing to participate in the SRS, a parent agrees to pay the participation fee as advised and invoiced by the school. For families experiencing financial hardship, please contact the school as soon as possible to discuss options available.

Terms and Conditions

Definition

1. Reference to a “parent” is in accordance with the definition in the *Education (General Provisions) Act 2006* and refers equally to an independent student.

Purpose of the SRS

2. In accordance with the Act, the cost of providing instruction, administration and facilities for the education of students enrolled at state schools who are Australian citizens or permanent residents, or children of Australian citizens or permanent residents, is met by the State.
3. Parents/carers are directly responsible for providing textbooks and other personal resources for their children while attending school.
4. The SRS enables a parent to enter into an agreement with the school to provide the resources required for their child to engage with the curriculum for a specified annual participation fee.

Participation in the SRS

5. Participation in the SRS is optional, and parents/carers are under no obligation to participate.
6. The school will provide parents/carers with a list of resources supplied by the SRS to enable parents/carers to assess the cost effectiveness of participation.
7. Parents/carers indicate whether or not they wish to participate in the SRS by completing this Participation Agreement Form.
8. Parents/carers must complete and sign the Participation Agreement Form and return it to the school by the advertised date.
9. This agreement is for the duration of the student’s enrolment at the school, unless a new Participation Agreement Form is completed.
10. Parents/carers are given the option annually to choose whether to participate in the SRS or not by completing this form.
11. Where a parent signs up to participate in the SRS they are agreeing to pay the annual participation fee for the items provided by the SRS.
12. Payment of the participation fee implies acceptance of the SRS including the Terms and Conditions irrespective of whether or not the signed form has been returned.
13. Where a student starts at the school during the school year, the parent may be entitled to pay a pro-rata participation fee to participate based on a 40-week school year.
14. Where a participation fee has been paid and a student leaves the school during the year, the school must determine if the parent is eligible for a pro-rata refund. This will also take into account any pro-rata of the Textbook and Resource Allowance (TRA) (see Additional Information regarding TRA eligibility) and any outstanding SRS debts (including any debts from damaged or non-returned items). Where the cost of outstanding debts is higher than the calculated refund, the parent is liable to pay this balance of funds.

15. Parents/carers who choose not to participate in the SRS are responsible for providing their student with all items that would otherwise be provided by the SRS to enable their student to engage with the curriculum.
16. The school will provide non-participating parents/carers with a list of resources the parents/carers are required to supply for their child.
17. All items included in the SRS must be able to be independently sourced, purchased and supplied by parents/carers who choose not to participate in the SRS.
18. As the SRS operates for the benefit of participating parents/carers and is funded from participation fees, SRS resources will not be issued to students whose parents/carers choose not to participate in the SRS.

The Resources

19. SRS funds received by the school will only be expended on student resources outlined in the school’s SRS and will not be expended on other items or used to raise funds for other purposes.
 20. In return for payment of the participation fee, the SRS will provide the participating student with the entire package of resources for the specified participation fee. It is not available in parts unless specifically provided for by the school in the fee structure.
