

Student Resource Scheme 2025

Dear Parents/Guardians,

Thank you for taking the time to read this important document about the Student Resource Scheme at Woodcrest State College.

The education of children in state schools is a partnership between parents and the Government, under the Education (general Provisions) ACT 2006 (QLD), the cost of “instruction (teaching), Facilities (buildings) and administration (schools operation costs, power, water ETC) are met by the state.” State funding does not extend to individual student resources such as textbook, equipment for personal use and items used/consumed by the student in the classroom. Parents are responsible for supplying these items, which are required to assist students with learning. If buying them individually, it can become extremely costly for families. Therefore, to ease the burden of this to parents, Woodcrest State College operates a Student Resource Scheme.

The college has the ability to bulk purchase educational items through government approved supplier programs, allowing us to provide resources at a reduced rate compared to the cost of individual purchases.

Participation in the scheme is voluntary and parents/ caregivers are under no obligation to join the scheme. However, if you elect not to join the scheme, you will need to provide all necessary textbooks, resources and materials for your student for the whole year.

The Student Resource Scheme operates under the policy and guidelines of the Department of Education, and is endorsed annually by the P&C Association. Payment options are available and should you be experiencing financial difficulties, please contact the Finance Business Manager on 07 3280 2444 to discuss your options.

We look forward to building a strong partnership with you to ensure the best educational experience for your students.

Kind regards

Debbie Hansen

Executive Principal

Woodcrest State College

STUDENT RESOURCE SCHEME (SRS) INFORMATION

Year	Prep- Year 6	Year 7 – Year 9	Year 10- Year 12
Fees	\$85	\$160	\$250

Please note: for Year 7 – 12, the Textbook and Resource Allowance has been credited to the SRS amount, and the amounts shown above, are the parent cost after the TRA and school contribution have been included.

Student Resource Information:

The Queensland Government supports students' education by providing funding for:

- Instruction, e.g., teachers
- Facilities, e.g., buildings, amenities, furniture
- Administration, e.g., staffing and resources to administer the operations of the school.

Funding does not extend to individual student resources such as textbooks, computer or musical equipment for personal use, and many items used/consumed by the student in the classroom. Supply of these items is the responsibility of parents.

To provide parents with a cost-effective alternative to purchasing textbooks and/or resources elsewhere, Woodcrest State College operates an SRS for 2025.

The scheme ensures that students have the resources required for them to engage with the curriculum for their education, and saves parents time and money in sourcing the prescribed materials elsewhere. Savings are gained through the school's bulk purchasing practices and hiring arrangements. The scheme is not used to raise funds for other purposes, and revenue collected through the scheme is applied only to the resources and operation of the scheme.

The scheme's operation, resource inclusions and participation fees were approved by the school's P&C Association at the meeting held on 14th May 2024.

Benefits of participating in the scheme

Students participating in the Student Resource Scheme will be provided with all textbooks and items required for each subject. Students will also receive many resources and materials required in the course of their studies. Please note, Woodcrest does not have any other subject fees.

The scheme ensures your student receives the necessary material to enable and enhance their education without any further financial burden or time spent trying to find the correct resources.

SRS Participation

Upon enrolment, all families are provided with a Student Resource Scheme Participation Agreement Form. One form per student needs to be completed and it only needs to be completed once for the life of that student's enrolment. Should your circumstances change, you will be required to complete a new form. If so, please contact the Finance Business Manager to discuss.

Resource Inclusions

All resources included in the SRS are detailed in the attached SRS resource list. This list is also available on the school's website. This is a comprehensive list of all resources included in the scheme and their associated costs.

Type of Resources provided

Generally, the three types of resources that could be included are:

- Owned – these items are retained by the student and used as required (e.g., stationery, exercise books, student diary).
- Used – these items are used/consumed in class by the student (e.g. industry technology/cooking/art supplies).
 - work/items produced from these resources will remain the property of the student.
- Hired – these items are hired to the student for their personal use for a specific period of time (e.g. textbooks, musical instruments).

- Hired items must be returned to the school in good condition at the end of the hire period or if the student leaves the school.
- A repair or replacement cost may be charged to the parent for any hired items that are damaged or not returned.

The Student Resource Scheme does not cover

- Additional costs associated with Academies
- Voluntary financial contribution
- Co-curricular activities such as excursions camps and performances
- Non-curricular optional activities, end of year celebrations, senior shirts, senior jerseys/jackets and formals

Before students can be considered for participation in any non-curricular optional activities, a parent who has joined the scheme is expected to have;

- Fully paid the Student Resource Scheme
- Have no outstanding debts
- Or are on a formal payment plan as previously arranged with the Finance Business Manager.

Financial Difficulties

It is acknowledged some families can experience financial difficulties. Parents/caregivers in these circumstances are urged to contact the Finance Business Manager on 07 3280 2444 to discuss individual payment options. All discussions will remain confidential.

Large Family Discount:

Woodcrest State College is committed to offering support to families to meet the needs of providing textbooks and other resources to their children while attending school. A discount is offered to parents or caregivers with four or more children. This discount will be extended to parents who submit the application form and fulfill the specified terms and conditions. The application form is accessible on our website, and it is the responsibility of the parent or caregiver to avail themselves of it.

Non – payment of Fees

Students with outstanding fees may be denied the opportunity to participate in optional, non-curricular activities.

Non-participant in Student Resource Scheme

Where parents/guardians elect not to join the Student Resource Scheme for their student/s, they will be required to purchase all resources, including textbooks and consumable items.

Student Resource Scheme Inclusions – Secondary

The Secondary SRS is made up of the following contributions:

- Textbook and Resource Allowance – government funding given to the school yearly
- School contribution – to help offset the cost the school allocates further funds to help reduce the costs to parents
- Parents contribution - the cost passed onto the parent under the scheme

The Textbook and Resource Allowance

The Department of Education provides a Textbook and Resource Allowance (TRA) to assist parents with the cost of textbooks and other education resources for eligible Years 7 to 12 students. For those students who are eligible to receive the TRA, the TRA will be applied to reduce the cost of participation in the SRS. Information on the TRA can be found on the department's website (<https://education.qld.gov.au/about-us/budgets-funding-grants/grants/parents-and-students/textbook-resource-allowance>).
