## FROM THE EXECUTIVE PRINCIPAL /PRIMARY PRINCIPAL

Dear Parents and Carers,

Woodcrest State College is a unique school with amazing facilities, enthusiastic students, committed staff and supportive parents. The College is situated within the city of Springfield, which is continually growing in population and infrastructure. We will begin the 2025 school year with approximately 1750 students from Prep to Year 12, including approximately 750 students in our Primary school.

Across the college, we are focussed on building a culture of belonging where our students feel welcomed, challenged academically and supported to achieve a preferred pathway. Every child deserves access to an exceptional education that leads to a life of choice, not chance. Our school has established a great tradition of our students achieving academic excellence, with students offered a variety of learning pathways that cater for their educational needs and interests, including Technology, Sports and Arts programs. This is supported through our state-of-the-art facilities – technology hub; fully equipped gym; industry standard catering facility; professional dance studio, which our Primary students access for specialist programs.

Located on our College site is also a Trade Training Centre, known as Western Technical Excellence Centre (WestEC). This centre partners with TAFE southwest to provide a range of certificate courses that provide our students with the skills and qualifications for immediate employment or to further education.

Throughout the school, a dedicated and professional team of staff contribute to the learning of each student, tracking and monitoring student progress to enable every student the opportunity to experience success.

I look forward to welcoming your family as you join our fabulous college community.

Regards

## My child would like to buy lunch

The P&C at Woodcrest State College operates two canteens which provide a wide variety of healthy food at reasonable prices. One is located in our Primary Campus and the other in our Secondary Campus. The canteens operate on a daily basis during the year for lunch. A menu and price list is available on our P&C website:

<https://www.wscpc.com.au/secondary-canteen/>. We use an online ordering system called SchoolShop Online. All online orders need to be in by 8:45am for same day delivery. If you miss the cut off there is a modified menu you can order from 8:45 – 9:45. Primary students can only purchase snacks and ice-blocks over the counter at break times.

We also have a new way to pay. E-Wallet gives students the freedom of purchasing lunch with ease. More information can be found <https://schoolshoponline.net.au/default.aspx>.

## My child has a health condition

Parents/carers provide current information to the College about their child's health condition/s, including written information from health professionals (e.g. doctor). An **Individual health plan/Emergency Health Plan** must be provided for any student:

- whose parents are requesting support outside the scope of first aid
- who is known to be at risk of a health emergency due to a diagnosed health condition.
- who requires health support procedure/s during school or school-related activities.

The school may seek Parent/Carer consent to refer to the State School Nursing Team to support staff and students with managing health conditions.

## My child requires medication at school

All **medications** you provide for the school to administer to your child must be prescribed by a qualified health professional who is authorised to prescribe medications under the [Medicines and Poisons Act 2019](#) e.g. doctor, dentist, optometrist. State schools refer to these professionals as 'prescribing health practitioners' (practitioners).

For any medication to be administered to a student during school hours and/or during school-related events, provide the school with:

- a completed [Consent to administer medication form](#).
- the medication (in its original container, with intact packaging) with a completed current pharmacy label (that indicates that it is prescribed medication), and/or
- other written medical authorisation signed by the prescribing health practitioner, including:
  - a signed letter, or other signed written instructions
  - a Medication order to administer 'as-needed or routine' medication at school;
  - a completed and signed health plan

Medication should always be supplied to the school in its original container with the internal packaging intact i.e. sealed foil strip, sealed blister pack. Where packaging of individual medications is not intact i.e. the foil is no longer sealed around the tablet, the safety of the medication could be compromised and the school is unable to accept the medication.

*Examples of prescribed medication intact packaging from Guidelines for the administration of medications in schools procedure pictured above*

For further information, refer to the [Administration of medications in schools procedure](#) and the [Managing student's health support needs at school procedure](#).

If you have any queries, please contact the school administration by email to [admin@woodcrestsc.eq.edu.au](mailto:admin@woodcrestsc.eq.edu.au) or via phone 07 3280 2444.

## STUDENT RESOURCE SCHEME (SRS) – PREP TO YEAR 6

The education of children in state schools is a partnership between parents and the Government, under the Education (general Provisions) ACT 2006 (QLD), the cost of "instruction (teaching), Facilities (buildings) and administration (schools operation costs, power, water ETC) are met by the state. State funding does not extend to individual student resources such as textbook, equipment for personal use and items used/consumed by the student in the classroom. Parents are responsible for supplying these items that are required to assist with students learning. If buying them individually this can become extremely costly for families, therefore to ease the burden of this to parents, Woodcrest State College operates a Student Resource Scheme.

The college has the ability to bulk purchase educational items through government approved supplier's programs, allowing us to provide resources at a reduced rate to what single purchases can source. Participation in the scheme is voluntary and parents/ caregivers are under no obligation to join the scheme, however if you elect no to join the scheme, you will need to provide all necessary textbooks, resources and materials for your student for the whole year.

The student resources scheme operates under the policy and guidelines of the Department of Education and is endorsed annually by the P&C Association. Payment options are available and should you be experiencing financial difficulties, please contact the Finance Business Manager to discuss your options.

We look forward to building a strong partnership with you to ensure the best educational experience for your students.
